TRAVEL THE WORLD AT VALUES YOU ONLY DREAM ABOUT

Imagine you are on vacation. You have paid \$300 \$500 \$1000 \$2000 or LESS than everyone else you have come across for the very same trip!

How is that possible? We have taken the Costco & Sam's Club ideas a step further. Just as Costco & Sam's buy in bulk - we have too! This brings you the savings. What that means is that your vacations (2 to 4 days, 7 days, 2 week trips whatever) are at wholesale or better.

Never again do I want you to pay retail. By becoming a member, you and your family and friends will enjoy the benefits we are offering. There are no contracts involved no hidden fees only a one-time fee and a monthly membership fee. Oh, you say, there's the catch. Yes, there is a bit of a catch. It is \$199.00 one-time only and \$24.99 a month. Although we do not want you to pay membership fees. And here is how - Refer 4 and Pay No More. Let me know which of

your friends you want to travel with and who want to also become members. I will add them as your referral. When you have four memberships under you, you pay no more fees! It is that simple.

But remember don't invite people you do not want to see on your vacations. Watch my video and see how this is done.

These are specific trips that are set up each year. In 2009, we have over 200 trips. We arrange trips to places like Dubai, Spain, Disney, San Francisco, Kentucky Derby, 2010 Masters Tournament, and the list goes on and on.
